

Interdepartmental peer review

of clinical endocrine services

*If your centre's not been peer reviewed,
you could be missing out!*

Learn about the Society for Endocrinology's scheme and the many positive outcomes from the first 10 reviews, including:

- ➔ **Redesign of services**
- ➔ **Support for new staff appointments**
- ➔ **Review of multidisciplinary team working**
- ➔ **Learning from each other – reviewed & reviewers both gain!**

have
your
say

Very soon, peer review will be an important component of revalidation so ... this is your chance to comment on:

- ➔ ***What's good and what could be improved with the current format?***
- ➔ ***What should peer review concentrate on?***
- ➔ ***How can more centres be encouraged to take part?***

COME AND PLAY YOUR PART IN IMPROVING STANDARDS OF ENDOCRINE CARE

TIME AND VENUE:

18:15 to 19:00, Tuesday 16 March, Exchange Auditorium, Manchester Central

SPEAKER: **Professor John Bevan** (Coordinator, Society for Endocrinology IPR Project) CHAIR: **Professor John Wass**
