

Enabling endocrinology's potential
to advance science and health

CORPORATE SUPPORT PACKAGE

About the Society for Endocrinology

Established in 1946, the Society for Endocrinology is the UK home of endocrinology. We bring the global endocrine community together to share ideas and advance our discipline. As a membership organisation, we support scientists, clinicians and nurses who work with hormones throughout their careers. We provide our Corporate Supporters with access to this diverse membership to help extend the reach of your products, and inform the development of new ones, to advance endocrine science, and improve human health.

Why become a Corporate Supporter

Becoming a Corporate Supporter of the Society for Endocrinology can help to raise your company's profile in endocrinology and related disciplines.

Working together, we can provide you with:

- **Exposure to the endocrine community** through advertising in Society for Endocrinology publications, and presence at events
- **Access to around 2,600 members and 1,450 delegates** (including clinicians, basic scientists, early career endocrinologists, nurses and students) through events and member communications
- **Access to key contacts** within the field of endocrinology and market intelligence from our members to help you to further understand your target audience
- **Discounted event rates** to enable you to keep up to date with the latest research and practice in endocrinology
- **Enhanced reputation** through alignment with a trusted society
- **Corporate social responsibility** – all monies given to the Society for Endocrinology will benefit the endocrine community.

Partnership level **Corporate Support**

Partnership level working is available to companies wishing to develop long-term strategic relationships with the Society and our members.

Benefits of partnering with us can include:

- **Development of a package of activity tailored to meet your specific aims**
- **Collaborative working with the Society for Endocrinology**
- **Opportunities to support the SfE BES conference, National Clinical Cases and The Endocrine Academy (Clinical Update/Endocrine Nurse Update).**

Partnership working requires a minimum spend of £20,000 over two years. All activity packages will require approval from the SfE Clinical Committee and SfE Officers. The Society for Endocrinology has a policy of no endorsements from corporate sponsors on any of our products.

“Our partnership with SfE has been really important to Pfizer and we hope to build on the success over the coming years. The partnership has helped us to increase our visibility and strengthen our relationships with their membership.”

James Steed, UK Country Brand Lead, Pfizer

“Here at the Society for Endocrinology, we recognise how important the pharmaceutical industry is to our field and feel it’s important they have an equal voice alongside our key opinion leaders and those who shape our discipline.”

Paul Carroll, Chair of the Corporate Liaison Board

Obesity Update

February 14, London

Obesity Update will be hosted by Bioscientifica, in collaboration with the Society for Endocrinology's Metabolic and Obesity Endocrine Network. This comprehensive meeting covers a range of topics around the scientific research and clinical treatment of obesity. Attending Obesity Update offers sponsors a chance to interact with opinion leaders as they shape the future of an emerging discipline.

- **Around 100 attendees in 2018**
- **Delegate demographic:** Consultants, Specialist Trainees, Clinical Scientists, Medical Students, Science Students and Dieticians

Sponsorship opportunities

- Exhibition stand
- Acknowledgement in the programme book
- 2x exhibitor passes

www.obesityupdate.org

National Clinical Cases

March 12, London

National Clinical Cases (NCC) is held in association with the Royal Society of Medicine. The meeting provides an ideal forum for trainees to present clinical cases to peers and established endocrinologists. Supporting NCC is an excellent opportunity to network and share your key messages with clinical endocrinologists, at all stages of their careers.

- **Over 100 attendees in 2018**
- **Delegate demographic:** Consultants, Specialist Trainee Registrars, Foundation Doctors and Medical Students

Sponsorship opportunities

Exhibition

- Exhibition stand
- Acknowledgement in the programme book
- 2x exhibitor passes

Additional visibility

- Delegate bag inserts *Inserts to be produced by sponsor
- Adverts in the programme book (Price upon request)

The Endocrine Academy

April 8-10, Birmingham

The Endocrine Academy is a training and education event. The Academy brings together the extremely popular and often oversubscribed Clinical Update and Endocrine Nurse Update. The Endocrine Academy's joint exhibition offers an excellent atmosphere for networking and high-quality interactions with delegates from across the healthcare sector.

Endocrine Nurse Update (April 8-9)

Endocrine Nurse Update is a two-day workshop, bringing together established and new-to-post specialist endocrine nurses, providing an update on best practice and the latest developments and treatments.

- **50+ attendees in 2018**
- **Delegate demographic:** Endocrine Nurses

Clinical Update (April 8-10)

Clinical Update is the Society's training programme for recently appointed consultants and trainees in endocrinology and diabetes. This three-day event provides an update on current clinical practice and offers delegates the opportunity to network with fellow trainees and established endocrinologists.

- **Over 200 attendees in 2018**
- **Delegate demographic:** Consultants, Specialist Trainees, Foundation Doctors, and Clinical Researchers

Sponsorship opportunities

Exhibition

- Exhibition stand
- Acknowledgement in the programme book
- 2x exhibitor passes

Satellite symposia

- Lunchtime satellite symposia
- Satellite invitation in delegate bags
- Inclusion of the satellite in the event programme
- Pre-conference email to all registered delegates who have opted in to corporate emails

Additional visibility

- Delegate bag inserts exhibitors and non-exhibitors
- Advert in the programme book

SfE BES 2019

November 11-13, Brighton

SfE BES is the annual conference of the Society for Endocrinology, bringing together the best of basic science, translational research, clinical investigation and clinical practice over a three day programme. As the UK's largest endocrine event, SfE BES attracts an international delegation of scientists, clinicians and nurses from a full spectrum of endocrine disciplines.

- **1,100 attendees in 2017**
- **Delegate demographic:** Clinical Endocrinologists, Basic Scientists, Research Scientists, Nurses and Students
