

## **Leadership and Development Awards Programme**

### **Selection Panel members' job description**

Panel members report to the panel Chair. They are responsible for:

- Providing expertise in terms of:
  - reviewing applications from those members who fall into the same category as the panel member (scientist, clinical academic or clinician-in-practice)
  - Input into policy proposals within the area of the Selection Panel remit
- Providing feedback and advice on the Awards Programme in order to improve it within the area of the Panel remit
- Promoting the best interests of the Society and its members
- Attending the meeting where the final selection of applicants is made
- Providing advice and feedback between meetings, as required by the Chair or staff.
