In 2021 we celebrated 75 years as the UK home of endocrinology, bringing the global endocrine community together to share ideas and advance our discipline.

Advancing research and best practice in endocrinology by:

- Growing our membership to 2,850, a 4.7% increase on 2020.
- Awarding over £285,000 in grants to support our Members’ research, education and travel.

Collaborating and engaging with the endocrine community by:

- Bringing over 800 people together for SfE BES 2021 in Edinburgh, our first face-to-face event in two years, with 196 registered on demand.
- Highlighting the diversity of our discipline with 10 blog interviews featuring members from a range of endocrine subfields.

- Achieving record-breaking impact factors for Society journals.
- Launching Endocrine Oncology, an open-access, peer-reviewed journal dedicated to hormones and cancer.
- Introducing Endocrine Network Led Sessions to help connect members virtually.

- Publishing a special 75th anniversary issue of The Endocrinologist to celebrate our discipline.

- Supporting our 20 Endocrine Ambassadors to promote endocrinology and the Society by providing a helpful starter pack.

Recruiting the next generation and supporting career development by:

- Inspiring over 200 attendees to choose our discipline with two endocrinology and diabetes taster sessions.
- Providing 4 training webinar series, live and on demand, with over 3,300 total views.
- Adapting National Clinical Cases 2021 to a virtual event for over 110 delegates to share and discuss best practice.
- Establishing recommendations for advancing our discipline from our Future of Endocrinology working group.

- Funding 11 Summer Studentships to encourage students to choose research careers.

- Engaging the next generation with our Student Video Awards.

Raising the profile of endocrinology in the UK by:

- Producing a second series of our now award-winning podcast with over 3,650 downloads within the first month.
- Generating over 900 news articles for research presented at SfE BES 2021 and published in our journals to engage the public with endocrinology and its impact.
- Recruiting 11 new Content Editors for You and Your Hormones to ensure resources are accurate and reliable.

- Achieving Association for Science Education Green Tick status for You and Your Hormones to better engage school children and teachers with hormones.

- Highlighting the diversity of our discipline with 10 blog interviews featuring members from a range of endocrine subfields.
- Support our 20 Endocrine Ambassadors to promote endocrinology and the Society by providing a helpful starter pack.
